

Love Where You Live

Provenance is a 377-acre Traditional Neighborhood Development (TND) conveniently located off I-49 in South Shreveport. Reminiscent of the small towns of the past, TND's foster a strong sense of community in a charming and inviting setting. Provenance is more beautiful than a subdivision - it is a village that blends nearby shops, restaurants and services with beautiful parks and lakes. Provenance is the first community of its kind in North Louisiana and provides residents with the quality of life and convenience that today's families of all ages and sizes long to enjoy.
